PROFESSIONAL SUMMARY

Full Stack Developer with 1+ year of professional experience building responsive, production-grade web applications using React.js, Next.js, JavaScript, Tailwind CSS, Bootstrap, Python, FastAPI, and MySQL. Skilled in end-to-end delivery: translating design requirements into mobile-first, accessible user interfaces, building and integrating REST APIs, and deploying applications to cloud platforms such as Vercel. Delivered live production websites and web applications for clients across real estate, healthcare, sports medicine, and manufacturing. Strong focus on responsive design, cross-browser performance, and clean, maintainable code.

CORE TECHNICAL SKILLS

Frontend Development: React.js, Next.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap, GSAP, Responsive Web Design, Accessibility

Backend Development: Python, FastAPI, REST API Design & Integration

Database: MySQL

Tools & Platforms: Git, GitHub, WordPress, Visual Studio Code, Vercel

Frontend Delivery: Responsive Web Design, Mobile-First Design, Cross-Browser Compatibility, Accessibility Implementation, UI Component Development

Collaboration & Delivery: Client Requirements Translation, Debugging, Feature Delivery, Version Control, Deployment Workflows

PROFESSIONAL EXPERIENCE

Full Stack Developer | Ayatiworks

July 2025 - Present | Chennai, India

- Developed and deployed live, production web applications for clients across the real estate, healthcare, sports medicine, and manufacturing industries.
- Built responsive, mobile-first frontends using Next.js, JavaScript, Tailwind CSS, and Bootstrap; developed backend services using Python and FastAPI with MySQL databases.
- Designed and integrated REST APIs to connect frontend interfaces with backend services, including admin dashboards, booking systems, and content management workflows.
- Collaborated across design and development to convert UI/UX requirements into pixel-accurate, cross-browser-compatible interfaces.
- Managed version control using Git and GitHub, and deployed production builds to Vercel, ensuring reliable, repeatable release cycles.

KEY PROJECTS

[Royal Dutch Medical Centre](#) | Next.js, Tailwind CSS, FastAPI, MySQL

- Built a healthcare platform end-to-end, including a FastAPI backend, MySQL database, and admin dashboard supporting a multi-step patient appointment-booking workflow.

[Dev Apartments](#) | Next.js, JavaScript, Tailwind CSS

- Built a responsive real estate website featuring animated hero sliders, project showcases, image galleries, and blog and enquiry features.

[SPARRC](#) | Next.js, JavaScript, Tailwind CSS

- Delivered an adaptive sports medicine platform with a polished desktop layout and an app-like mobile interface from a single responsive codebase, covering departments, therapies, services, and clinic locations.

[Apex Dura / New Era](#) | HTML5, CSS3, JavaScript, Tailwind CSS, GSAP

- Developed corporate websites for a manufacturing client (TMT bars and steel products) featuring GSAP-powered animations and a quote-and-estimator workflow.

EDUCATION

B.Tech, Information Technology | Jerusalem College of Engineering

2021 - 2025 | CGPA: 8.13
